

RoHS Compliance Statement

For all Sullins edgcard series of connectors with a second digit of B, C, G, Y, S, M, P or E:

Sullins Connector Solutions certifies that the above part number(s) do not contain any of the substances which are restricted by directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS Directives). The restricted substances and their limits per the RoHS amendment dated 18 August 2005 are as listed below:

- Cadmium and Cadmium Compounds .01% by weight in homogeneous materials
- Hexavalent Chromium Compounds .1% by weight in homogeneous materials
- Lead and Lead components .1% by weight in homogeneous materials
- Mercury and Mercury Compounds .1% by weight in homogeneous materials
- Polybrominated Biphenyls (PBBs) .1% by weight in homogeneous materials
- Polybrominated Diphenyl ethers (PBDEs) including deca-BDE .1% by weight in homogeneous materials

A handwritten signature in black ink, appearing to read "M. Hulbert", with a long horizontal line extending to the right.
